# SENSES DESIGNER LINE FOR CATS

Designed from the perspective of a cat – new play and fun products that appeal to all senses of a cat

## 1 Senses „Massage Center“ Art.-Nr: 50720

appeals to your cat's sense of touch by offering a variety of textures that provide a luxurious pampering experience. The addition of catnip (included) will appeal to his sense of taste and smell, heightening the multi-sensory experience.

①

## 2 Senses „Scratch Pad“ Art.-Nr: 50725

appeals to your cat's sense of touch, providing the scratching surface he instinctively needs. Cats communicate through touch. When a cat scratches an object, scent glands in the paws deposit the cat's odor as a way to mark his „territory“. Add catnip or conceal treats in the cut-outs for multi-sensory appeal.

**CATIT PATTERN SCRATCHER WITH CATNIP**

A cat's need to scratch is instinctive. It helps them to sharpen and remove the dead outer layer of their claws, stretch and flex their bodies and work off energy. The Catit Scratching Board with Catnip provides your cat with a corrugated scratching surface, while helping to protect your furniture from claw damage. Combining contemporary shapes with stylish patterns, the Catit Style Scratching Board is a modern twist on conventional scratchers.
